## ENPC & TNCC

*ENPC and TNCC are two separate 16 hour educational offerings.*

ENPC is designed to provide the emergency nurse with core knowledge and psychomotor skills to care for the pediatric emergency patient including trauma. TNCC focuses on core knowledge and skills related to the trauma patients of all ages.

Participants will be evaluated at the completion of the course on knowledge presented in the lectures, psychomotor skill stations & course manual.

### Course Participant

It is recommended that the participant have a minimum of 6 months clinical nursing experience in an emergency department setting.
