

# You're Very Instrumental In Our Success

## STERILE PROCESSING TECHNICIANS

Loyola University Health System (LUHS), located in the western suburbs of Chicago, is a nationally recognized leader in providing specialty and primary health care services to its' patients. Our 70-acre campus is home to a 523-bed teaching hospital, a Level 1 Trauma Center, a Burn Center, the Cardinal Bernardin Cancer Center, the Stritch School of Medicine, and the Ronald McDonald® Children's Hospital.

As a Sterile Processing Technician, you will be part of our open heart, organ transplant and other surgical teams. Apply your previous experience in an exciting operating room environment. In this position, your responsibilities will include decontamination, reprocessing of surgical instruments and sterilization. Additional responsibilities include assembly of case carts, assembling and wrapping surgical trays, and sterilizing instruments. Experience is preferred, but we will train motivated individuals to join our surgical services team.

Applicants must have a High School diploma or equivalent, and certification is required within one year of employment.

We offer competitive salaries, comprehensive training, opportunities for professional development, and a comprehensive benefits package that includes tuition assistance for you and your family at Loyola University Chicago. If you have an interest in joining our team of individuals committed to excellence in an atmosphere where ***we also treat the human spirit***, you are invited to forward your resumé or contact me directly at 708-216-6443 or e-mail: [hmoore2@lumc.edu](mailto:hmoore2@lumc.edu)

Sincerely,

Helen Moore  
Human Resources Representative
